

Uppercase letters can fit only 16 characters per line.

Lowercase letters can fit up to 20 characters per line.

Please print legibly what you would like to have engraved on your brick paver. A master list will be completed after our "Brick Drive" is completed. Once this Master Listing is completed all donors will be asked to verify their submissions. When this is completed the Master Listing will be sent to Donor Bricks for the engraving to be done. A copy will be maintained in the pastor's office.

Remember: spaces and punctuation will count as characters within the line. The "&" sign can be used if you desire instead of writing out "and."

Any other questions may be directed to Pastor Dave or your family deacon concerning our "Walk of Honor". Thank you for your contribution and for memorializing/honoring our past or present church family members!
